

Intertape Hot Melt Carton Sealing Tape

Super strong, pressure sensitive, industrial polypropylene tape for economical, repetitive, volume packing.

- Hot melt adhesive provides a quiet release, easy unwind and extra elongation for help in sealing irregular shapes, especially over-stuffed cartons.
- Adheres well to film.
- Application temperature range 45° -110° F.
- Service temperature range 10° - 120° F.

IPG 6100 - General Purpose

Intertape Acrylic Carton Sealing Tape

Best as general purpose tape and for long term storage when shelf life is important.

- Acrylic Tape retains clarity and will not yellow.
- Strong adhesive grips well to recycled corrugated with a consistent, smooth release.

IPG 170 - General Purpose Economy

Intertape Natural Rubber Carton Sealing Tape

Provides the most consistent reliable box closure and the "most aggressive" adhesive of any pressure sensitive tape.

- Moisture-resistant tape tolerates humid and damp conditions.
- Natural Rubber Tape has the largest application temperature range 0° - 150° F.

3M Hot Melt Carton Sealing Tape

369 Tartan™ – General Purpose

- Made for light and medium-duty applications with great holding power to fibreboard.
- Good initial adhesion above 40° F.

371 Scotch® – Industrial Grade

- Perfect for box sealing and splicing with reliable performance in a range of environments and applications.
- Features a conformable backing and consistent adhesive system for economical, repetitive volume packaging.

372 Scotch® – Performance

- Ideal for demanding packaging applications.
- Features hot melt rubber resin adhesive that adheres instantly to most surfaces including cartons containing various levels of recycled content.

373 Scotch® – High Performance

- Contains high edge tear and split resistance.
- Features a heavy-duty conformable backing and the most consistent adhesive system available.

375 Scotch® – Superior Performance

- Known as the “problem solver” for difficult packaging applications.
- Scotchpro™ film backing is durable, secure and water resistant.

355 Scotch® – Superior Polyester Film

- Strongest, most consistent adhesive system available that ensures a reliable closure every time.
- Polyester film backing is water resistant for added security.

3M Acrylic Carton Sealing Tape

302 Tartan™ – Economy Grade

- Tape adheres to a variety of surfaces.
- Edge tear and split resistant.

305 Tartan™ – General Purpose

- Ideal for cold and damp applications such as refrigerated storage.
- Designed for utility applications on lightweight boxes.
- Tape construction provides good closure.

311 Scotch® – Industrial Grade

- Good aging in sunlight or fluorescent lighting.
- Designed for utility type applications on light to medium-weight boxes.

313 Scotch® – Performance Grade

- Adheres well to cartons containing various levels of recycled content.
- Features smooth dispensing for easy handling.
- Ideal for wide temperature fluctuating environments.
