

Your Source For Shipping Indicators

Drop-N-Tell

Self-stick detectors indicate possible shock damage to packages during shipment.

- Warning labels (included) give instructions for the receiver.
- Resettable indicators are great for items that are frequently shipped back and forth – just reset with the push of a pin!

Resettable Indicator

Drop-N-Tell

G-Range	Suggested Use	Quantity Per Case	Non-Resettable Stock Number	Resettable Stock Number
5G	Heavy Products	25	DNT5	DNT5R

100G	Very Sensitive Items	25	DNT100	DNT100R

DropSpot™

Highly sensitive, non-resettable detectors clearly indicate mishandling, even from a distance.

- Two windows indicate direction of impact.
- Highly visible 3½" x 3½" device features unique serial numbers for tracking.
- Companion Labels (sold separately) inform handlers of the proper procedures to follow when in receipt of damaged shipments.

DropSpot™

Stock Number	Range	Color	Suggested Use	Quantity Per Case
SDW10	10G	Silver	Heavy Products	25

Companion Labels

Stock Number	Description	Quantity Per Roll
SHWCL	Companion Labels	200

Tip-N-Tell

Immediately alert recipients of possible damage to packages during transit.

- If top of arrow turns blue, the package has been tipped and possible damage has occurred.
- Warning labels (included) give clear instructions for the receiver.

Tip-N-Tell

Stock Number	Description	Quantity Per Case
TNT100	Tip-N-Tell Indicator	100

TiltWatch™

Monitor shipments that must remain upright.

- TiltWatch™ Plus provides 360° monitoring indicating the exact angle of tilt greater than 30° (companion labels are included).
- TiltWatch™ XTR turns from white to red if package has been tilted or turned greater than 80° (companion labels sold separately).
